

Rocstor VOLT V32 Smart Charging Cart

Built for 32 Devices. Store and charge Compartments. intelligent Charging Technology

Rocstor Volt V32 charging carts are the perfect combination of durability and affordability in a feature-rich cart. The Volt V32 ensures professional performance and reliability and helps ease procurement costs and increase the return on investment. It includes intelligent Charging Technology and it is designed to Charge, and Store up to 32 Macbook®, Macbook® Air, Macbook® Pro, laptops, Chromebook®, & netbooks up to 16-inch diagonal screen size. The Volt V32 locking steel cart provides AC charging, secure storage and cord management for education, government, office, commercial, retail, industrial and healthcare sectors. This innovative cart has a large compartment with up to 32 individual, smooth edged slots for easy, quick, and safe loading and unloading. The cart also includes Four (4) 5-inch medical grade rolling casters with Brake Locks. The Volt V32 is designed with safety and reliability at its core with UL 62368-1/cULus: CSA, FCC Part 15B/IEC-003 Certifications.

Key Features:

- Charging cart up to 32 Devices.
- UL 60950-1/cULus: CA, FCUL 62368-1/cULus: CSA, FCC Part 15B/IEC-003.
- Designed for Macbook, Macbook Air, Macbook Pro, Chromebook, Notebooks, iPad, and Netbooks up to 16-inch screen size
- intelligent Charging Technology: Load-sensing technology directs charging power when and where it is needed most, so each notebook is charged as quickly as possible
- Charge & Store the cart which supports 1-32 Laptops or tablets, and ships configured for 32 device configurations
- Retractable Front Doors: Two (2) hinged front doors on the tablet front bay. The door includes a provision for a heavy-duty provision for a pad lock.
- Power Rating: AC: 100-120V/12A
- Door Compartments: Two (2) locking rear panels allow access to the AC adapters (Charging Cart) and cabling.
- Complete Ventilation: Fans cool the tablets in the main body of the cart.
- Casters: Four (4) 5-inch medical grade rolling casters with Brake Locks. Casters support easy turning and moving over thresholds. Two casters can be locked into place through a foot brake pedal to prevent the cart from rolling. Two casters are rigid and two casters swivel.
- Cable Management.
- Internal Cable management channel clips keep power and any other cables neat and managed inside the cart.
- Security Features: Includes a standard front and rear door pad lock provision for securing the cart system.
- Ships assembled
