User Manual

7-Port USB® 3.0 Hub with Two Charging Ports

Y10P003-B1

Congratulation

Thank you for purchasing the Rocstor 7-Port USB Hub. For optimum performance and safety, please read these instructions carefully before connecting, operating or using this product. Please keep this manual for future reference.

- Supports USB 3.0 Super Speed mode max 5Gbps.
- Supports connecting seven USB devices simultaneously.
- Backwards compatible with any USB 2.0 enabled computers and notebooks.
- To achieve USB 3.0 transfer speed, a USB 3.0 interface card with a USB 3.0 cable is required.
- Supports Max 900mA output on all ports.
- Supports OS: macOS X 10.8 or later. Window XP, Vista, 2000, Windows 7, 8, 8.1, 10 & Higher
- Two of the USB ports with charging Symbols (Port 1 & 7) can be used to charge mobile devices with 1.5A max. When the host computer is on Suspend mode or off, Port 1 & 7 can support 2.4A charging.

Note:

There are two charging symbols on the product, for only that two ports and only when the PC is in the Suspend Mode can be used to charge.)

Introduction

The Rocstor Premium 7-Port USB 3.0 Super Speed HUB is designed for connecting seven USB devices from a host computer or another hub. It can work on Windows 7, Vista, XP, 2003/2000/ME, Mac OS X and various Linux kernels without any additional driver. It's convenient and helpful for your limited space. This 7-Port hub offers (2) two USB 2.4A charging USB ports. Two (2) 2.4 amp dedicated charging ports (DCP) provide fast charging for your smartphones, tablets and other USB-charged devices. The charging and data ports work simultaneously, so you can conveniently fast-charge your mobile devices while still using your USB 3.0 devices.

Connect the Hub:

1. Connect the Micro USB 3.0 cable to the Micro USB 3.0 host port on the hub
2. Connect the USB 3.0 Type A end of the cable to the host laptop or desktop computer
3. Do any of the following:

- Connect up to seven USB peripherals to the USB 3.0 (Type-A) ports on the hub.
- To charge a USB device, connect the USB device to the USB 3.0 (Type-A) Port 1 or/and 7 marked with ⚡ charging symbols above the port on the hub.
- Charging ports will supply 1.5A power for your cellular devices when the hub is connected to AC power adapter. It will also supply 2.4A of power when the computer is either on suspend mode or off.

Package Contents:

- 1 x USB® 3.0 7-Port hub
- 1 x USB® 3.0 Type-A Male to Micro USB3.0 male 3ft
- 1 x 36W 12V/3A universal power adapter (US)
- 1 x quick-start guide

Specifications:
Signal Inputs/Output

Input port	Micro USB 3.0 BFx1
Output port	USB 3.0 AFx7
Output port Power (7 Ports)	Max 900mA output
Output port Power (Port1&7)	1.5A
Output port Power (Port1&7)	2.4A (When host computer is in suspend mode or off)

Environmental

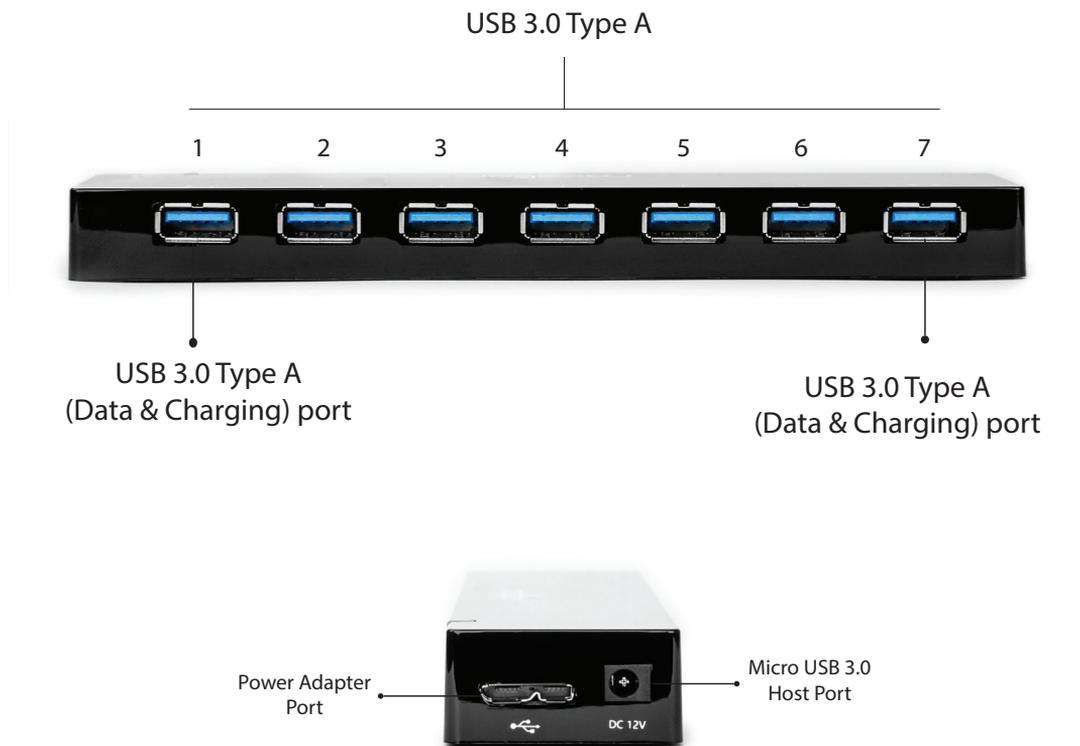

Operating Temperature	(0°C to + 45°C) - (32°F + 113°F)
Operating Humidity	10% to 90 % RH (no condensation)
Storage Temperature	10° to +90°
Storage Humidity	10% to 90 % RH (no condensation)

Power Requirement

External Power Supply	12V/3A DC
Size	(16x166x33.28) mm - (0.6x6.5x1.3) in
Weight	66 g - 0.14 lbs

Hardware & Minimum System Requirements:
Host computer with an available USB 3.0 Port
Operating systems

- Windows 7 / 8 / 10 / 11
- Android OS
- Chrome OS
- Linux OS
- Mac OS v10.5 or above

Support

Technical support is available to all the registered users of Rocstor products.

Safety Information:

WARNING: Please follow these safety instructions. Failure to do so may result damages or injury. It is normal that the Rocstor Multi-port Hub adapter becomes very warm during use.
Please note that: continuous contact with warm surfaces for extended time may cause discomfort or injury. In order to reduce the possibility of overheating or heat-related injuries, always allow needed ventilation around the Rocstor Multi-port Hub adapter and use care when handling it. Avoid instances where your skin is in extended contact with the hub when plugged into the host computer. It is not recommended to sleep with the adapter when plugged into a host computer. Avoid placing the hub adapter under a pillow, blanket, or your body when connected to a host computer. If you have a medical condition that affects your ability to detect heat against the body, extra care should be used. Never use the adapter in locations with water, such as a sink, bathtub, or shower stall. Never connect or disconnect the adapter with wet hands.

Warranty Information

Warranty Information
This product is backed by a (2)two-year warranty. Rocstor warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. Rocstor does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability
In no event shall the liability of Rocstorage, Inc. and Rocstor (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
