

Volt C42 PRE-WIRED65 Intelligent AC Charging Cart

42 USB-C 65W Power Adapters - Maximum 65W PD Per Device

PN: VT0020-S1

Volt C42 PRE-WIRED Intelligent AC Charging Cart - 42 USB-C 65W Power Adapters Installed - Max 65W PD Per Device - Up to 16" Screen- 3 Slide-out Shelves - 5" Casters - Steel – Pre Wired with Rocstor USB-C 65W Chargers- 40.8"x34.9"x-24.5"- UL Certified- TAA

The Rocstor Volt C42 Charging Cart is a pre-wired, ready to use solution for managing and charging up to 42 devices, including MacBook, Chromebook, and notebooks up to 16 inches. Designed with efficiency and safety in mind, this cart is perfect for educational institutions, government offices, and commercial environments. Its Smart Charging Technology ensures optimal power distribution, enabling each device to charge as quickly and safely as possible, with power delivery at maximum 65W per device. Its large compartment features smooth-edged, slide-out shelves for quick and safe loading and unloading, making it a user-friendly addition to any workspace.

This cart stands out with its design and high-quality construction. It features fold-away doors and heavy-duty hinges, providing secure access with a 3-point locking system and an additional padlock flange option. The built-in cable management guides keep cords organized and out of sight, while the spacious power outlets accommodate various adapter sizes. Volt C42 is certified with UL 60950-1/cULus: CA, FCC Part 15/IEC-003, ensuring it meets stringent safety standards for reliable performance.

Transporting the Volt C42 is a breeze, thanks to its four 5-inch medical-grade caster wheels, two of which have locking mechanisms to keep the cart stationary when needed. The cart also features complete ventilation without any fans or fan noise to keep devices cool, ensuring they operate optimally. With its innovative design and durable construction, the Rocstor Volt C42 Charging Cart is a reliable and efficient solution for managing multiple devices in any professional setting. Backed by Rocstor 5-year limited warranty and lifetime technical support.

Key Features:

- **Charging Capacity:** Supports up to 42 devices, including MacBook®, Chromebook®, notebooks, and tablets up to 16 inches.
- **Pre-Wired:** Ships fully assembled with all wiring and 65W charging plugs.
- **Safety Certifications:** UL 60950-1/cULus: CA, FCC Part 15/IEC-003.
- **Smart Charging Technology:** Load-sensing technology ensures efficient and rapid charging.
- **Security:** Retractable front doors with padlock provision and locking rear panels for secure access to AC adapters and cabling.
- **Easy Access:** Slide-out steel shelves for hassle-free loading and unloading.
- **Robust Construction:** Durable steel build with fold-away doors and heavy-duty hinges.
- **Cable Management:** Internal channels and clips for neat and organized cabling.
- **Ventilation:** Fan-less to keep devices cool.
- **Medical-Grade Casters:** Four 5-inch medical-grade casters, including two with locking mechanisms for stable positioning.
- **Power Protection:** Overcurrent and voltage protection with extra external outlets for peripherals.
- **Warranty:** Rocstor 5-year limited warranty.

Volt C42 PRE-WIRED65 Intelligent AC Charging Cart

42 USB-C 65W Power Adapters - Maximum 65W PD Per Device

PN: VT0020-S1

Specification:

Assembly Required:	No
Brand Name:	Rocstor
Caster Size:	5" Healthcare Grade
Color:	Silver
Number of Devices Supported:	42
Total Number of Shelves:	3 Pull-out Drawer
Handle Type:	Push Handle
Material:	Steel
Power Source:	AC Supply
Product Type:	Charging Cart
Manufacturer:	Rocstorage, Inc
Manufacturer Part Number:	VT0020-S1
Manufacturer Website Address:	https://rocstor.com
Packaged Quantity:	1
Product Line:	Volt
Product Name:	Volt C42 PRE-WIRED - 42 Device Intelligent Power Charging Cart
Product Type:	Charging Cart
Assembly Required:	No
Slot Depth:	13.7", 348mm
Slot Height:	10.2", 260mm
Slot Width:	1.5", 38.1mm
Color:	Aluminum/Concrete/Grey
Depth:	24.4", 638mm
Height:	40.7", 1035mm
Width:	34.9", 887mm
Material:	Steel
Weight (Approximate):	189 lbs / 85.73 kg
Input Voltage:	20 V AC 230 V AC
Power Source:	AC Supply
Application/Usage:	Chromebook MacBook MacBook Pro Netbook Notebook
Package Contents:	Rocstor Volt C42 PRE-WIRED Warranty Card Power Cord Cable Clips
