

## Rocstor Volt C42 Intelligent Charging Cart

Built for 42 Devices. Store and A/C Charge Compartments

PN: VT0C42-01

Rocstor Volt C42 is designed to Charge, and Store up to 42 Macbook®, Macbook® Air, Macbook® Pro, laptops, Chromebook®, & netbooks up to 15.6 inch diagonal screen size. The cutting-edge, intelligent charging algorithm efficiently directs power to devices, ensuring the fastest charging time while effectively managing power overload. The C42 locking steel cart provides AC charging, secure storage and cord management for education, government, office, commercial, retail, industrial and healthcare sectors. This innovative cart has a large compartment with up to 42 individual, smooth edged shelves for easy, quick, and safe loading and unloading. The Volt C42 is designed with safety and reliability at its core with UL 60950-1/cULus: CA, FCC Part 15/IEC-003 Certifications.

The Volt C42 is yet the most versatile and popular cart in Volt cart line up. It features all metal construction with Fold-Away Doors & Heavy-Duty Hinges. It provides a secure 3-point Locking Doors plus Padlock Flange option for front and rear doors for Increased Security.

The Volt C42 is designed with 3 Slide-out shelves which provides the users with easy loading and unloading of their devices. The shelves are made of steel construction and have been tested for reliability and durability. Each divider provides a unique cable management guides for clutter-free area. The Volt carts are built with four solid 5-inch medical grade caster wheels. The casters are designed to provide an easy cart transportation with minimal effort to push the cart from one location to another. Two of the casters have locking mechanism to keep the cart securely stationed.

The Volt C42 design provides clutter-free organization of devices and cabling. AC outlets, power adapters and cords store out of sight. The power outlets are designed with 1.5" of space between each other so it can accommodate an adapter with almost any size or shape.

### Key Features:

- Charging cart up to 42 Devices.
- UL 60950-1/cULus: CA, FCC Part 15/IEC-003 Certifications.
- Designed for Macbook, Macbook Air, Macbook Pro, Chromebook, Notebooks, iPad, and Netbooks up to 15.6 inch screen size
- Smart Charging Technology: Load-sensing technology directs charging power when and where it's needed most, so each notebook is charged as quickly as possible
- Charging & Store cart with supports 1-42 Laptops or tablets, and ships configured for 42 device configuration
- Power Outlets & Protection: Extra External 4 Outlets provides additional Power to your peripherals from one standard wall outlet. Also, the cart is protected by Over Current and Voltage Protection
- Retractable Front Doors: Two hinged front doors on the tablet front bay open from the center and retract into the cart's side channels for neat storage. The door includes a provision for a heavy-duty provision for pad locks.
- Door Compartments: Two locking rear panels allow access to the AC adapters (Charging Cart) and cabling
- Complete Ventilation: Fans cool the tablets in the main body of the cart.
- Casters: Four 5-inch medical grade rolling casters with Brake Locks. Casters support easy turning and moving over thresholds. Two casters can be locked into place through a foot brake pedal to prevent the cart from rolling. Two casters are rigid and two casters swivel.
- Cable Management:
- Internal Cable management channel clips keep power and any other cables neat and managed inside the cart.
- Security Features: Includes a standard front and rear door pad lock provision for securing the cart system.
- Power Rating: AC: 100-120V/12A
- Ships assembled
- Rocstor 5 Year Complete Warranty

## Rocstor Volt C42 Intelligent Charging Cart

Built for 42 Devices. Store and A/C Charge Compartments

PN: VT0C42-01

### Specification:

Assembly Required:	No
Brand Name:	Rocstor
Caster Size:	5"
Color:	Silver
Handle Type:	Push Handle
Material:	Steel
Number of Devices Supported:	42
Power Source:	AC Supply
Product Type:	Charging Cart
Manufacturer:	Rocstorage, Inc
Manufacturer Part Number:	VT0C42-01
Product Line:	Volt
Product Name:	Rocstor Volt C42 – Intelligent Power Charging Cart
Slot Depth:	13.7" - 348mm
Slot Height:	10.2" - 260mm
Slot Width:	1.5" - 38mm
Color:	Aluminum/Concrete/Grey
Depth:	24.4" - 638mm
Height:	40.7" - 1035mm
Material:	Steel
Weight (Approximate):	176 lbs / 80.0 kg
Width:	34.9" - 887mm
Input Voltage:	120 V AC
Power Source:	AC Supply
Total Number of Shelves:	3 Pull-out Drawer
