Built for 32 Devices. Store and charge Compartments. intelligent Charging Technology

VT0016-S1

Volt V32 PRE WIRED Intelligent AC Charging Cart - Includes 32 USB-C 65W Power Adapters Installed- Maximum 65W PD Per Device - Up to 16" Screen- Fixed Shelves - Push Handle - US Power Prewired - 30.7" x 28.7" x 23.1" - UL Certified - TAA Compliant

The Rocstor Volt V32 Charging Cart is a premier PRE-WIRED, ready-to-use solution for managing and charging up to 32 devices—including select Apple MacBook Air, MacBook Pro models, Chromebooks, and notebooks. Built with rugged construction and advanced features, the Volt V32 is engineered for efficiency and reliability in demanding environments such as schools, government agencies, and healthcare facilities. Equipped with Smart Charging Technology, it intelligently distributes power to ensure each device charges quickly and safely, delivering up to 65W per port. Its high-quality steel design includes secure locking mechanisms and generous internal storage, offering both protection and convenience.

Inside, the cart features two fixed shelves with 32 individual compartments, each lined with cable management guides to keep devices organized and minimize clutter. Heavy-duty hinged doors and a padlock-ready locking system enhance security, ensuring valuable devices remain safe at all times. To further simplify deployment, the Volt V32 arrives fully assembled and pre-wired with 32 USB-C power adapters—ready for immediate use right out of the box. This plug-and-play convenience drastically reduces IT setup time, making it ideal for busy educational, government, and corporate environments.

With built-in intelligent charging and streamlined cable routing, the Volt V32 delivers professional-grade performance with minimal maintenance. Mobility and stability are built in, thanks to four 5-inch medical-grade casters, two of which lock securely to keep the unit stationary when needed. Integrated ventilation throughout the cart maintains optimal airflow, while an efficient rear cable management system keeps cords and power adapters neatly tucked away, promoting both safety and organization.

With its solid construction, intelligent design, and user-friendly features, the Rocstor Volt V32 Charging Cart provides a powerful, secure, and efficient solution for managing multiple devices. Backed by Rocstor's 5-year limited warranty and lifetime technical support, it offers long-term reliability and peace of mind—making it an indispensable tool for institutions that demand performance, durability, and ease of use.

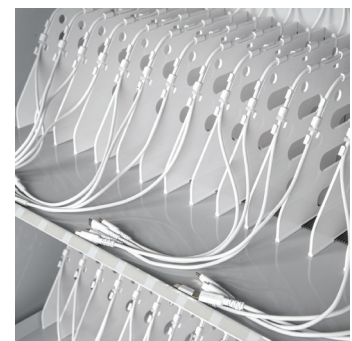

Rocstor VOLT V32 PRE-WIRED Smart Charging Cart

Built for 32 Devices. Store and charge Compartments. intelligent Charging Technology

VT0016-S1

Key Features:

- **Capacity:** Accommodates up to 32 devices, including MacBook, MacBook Air, MacBook Pro, Chromebooks, and notebooks.
- **Pre-Wired:** Ships fully assembled with all wiring and 65W charging plugs.
- **Smart Charging Technology:** Load-sensing technology optimizes power delivery to ensure efficient charging.
- **Construction:** Durable steel frame doors, heavy-duty hinges, and a padlock locking provision.
- **Storage:** Two fixed shelves with 32 smooth-edged compartments for easy device loading and unloading. Medical-Grade Casters: Four 5-inch medical-grade casters, including two with locking mechanisms for stable positioning.
- **Cable Management:** Internal cable channels and clips for organized and clutter-free cord management.
- **Security:** Doors with padlock provision and locking rear panels for secure access to AC adapters and cabling.
- **Warranty:** Rocstor 5-year limited warranty.

General Information	Brand Name:	Rocstor
	Manufacturer:	Rocstor
	Manufacturer Part Number:	VT0016-S1
	Manufacturer Website:	https://www.rocstor.com/
	Product Line:	Volt
	Product Name:	Rocstor Volt V32 PRE-WIRED 32-Device Charging Cart 65W
	Product Type:	Charging Cart
	Packaged Quantity:	1
	Assembly Required:	No
	Supported Devices:	Chromebook
Application/Usage		MacBook
		MacBook Pro
		Netbook
		Notebook
Physical Characteristics	Color:	Silver
	Material:	Steel
	Dimensions:	
	Width:	30 inches (762 mm)
	Depth:	25.1 inches (638 mm)
	Height:	40.7 inches (1035 mm)
	Weight:	Approx. 143 lbs (65 kg)
	Caster Size:	5" Healthcare Grade
	Number of Casters:	4
	Handle Type:	Push Handle
Slot Dimensions	Slot Depth:	15.3 inches (388 mm)
	Slot Height:	10.4 inches (263 mm)
	Slot Width:	1.34 inches (34 mm)
	Total Number of Shelves:	2 Fixed Shelves
Power Description	Power Source:	AC Supply
	Input Voltage:	120 V AC
Features	Features	
	Charging Capabilities:	Intelligent power charging for up to 32 devices
	Cooling:	Cooling fan and ventilation system
	Cable Management:	Integrated cable management system
	Security:	Security door
		Locking casters
		Locking door with padlock provision
	Design:	Durable and heavy-duty steel construction
		Eco-friendly
		Hinged door for easy access
Miscellaneous	Back Panel:	Includes electrical outlets for additional connectivity
	Package Contents:	Volt V32 with (32) 65W PRE-WIRED USB-C Power Adapter
		User Manual
		Warranty Card
		Power Cord
