Built for 32 Devices. Store and charge Compartments. intelligent Charging Technology

VT0017-S1

**Volt V32 PRE WIRED Intelligent AC Charging Cart - Includes 32 USB-C Adapters Installed- Maximum 80W PD Per Device - Up to 16" Screen - Fixed Shelves - Prewired with Rocstor USB-C Chargers - 30.7"x 28.7" x 23.1" - UL Certified - TAA Compliant**

The Rocstor Volt V32 Charging Cart is a premier PRE-WIRED, ready-to-use solution designed to efficiently manage and charge up to 32 devices, including select Apple MacBook Air and MacBook Pro models, Chromebooks, and various notebooks. Built for the demands of modern educational institutions, government agencies, and healthcare facilities, it delivers a secure, organized, and intelligent approach to device management in high-traffic environments. Crafted from high-quality steel, the Volt V32 combines rugged durability with refined engineering. Its robust construction ensures long-term reliability, while Rocstor's advanced Smart Charging Technology automatically senses and delivers the appropriate power level—up to 80W per port—for safe, efficient, and fast charging across multiple platforms.

The interior is designed for simplicity and efficiency, featuring two sturdy fixed shelves and 32 spacious, smooth-edged compartments equipped with dedicated cable management guides. These guides keep charging cables neatly routed and accessible, reducing clutter and streamlining daily operation. The rear compartment houses the pre-installed USB-C power adapters and charging cables, all professionally wired and neatly organized for optimal airflow and cable longevity. Devices can be loaded and unloaded effortlessly, making the cart ideal for shared environments where multiple users require frequent access.

Security is central to the Volt V32's design, with front doors built on heavy-duty hinges and a padlock-ready locking system to safeguard valuable electronics. The cart arrives fully assembled and completely pre-wired with 32 USB-C power adapters—ready for immediate use straight out of the box. This true plug-and-play solution saves hours of setup time, minimizes installation errors, and reduces IT workload, making it perfect for fast-paced or large-scale deployments in classrooms, libraries, administrative offices, and medical facilities.

Mobility and stability are built into every detail, with four premium 5-inch medical-grade casters providing smooth, silent movement across various floor types and two locking casters ensuring secure positioning during use. Integrated ventilation throughout the chassis promotes proper airflow to prevent overheating, while the cable management system protects cords and adapters from wear and tear. With its solid steel construction, intelligent charging capabilities, and user-friendly design, the Rocstor Volt V32 delivers the perfect balance of security, efficiency, and ease of use. Backed by Rocstor's 5-year limited warranty and lifetime technical support, it is a reliable, long-term investment in productivity and peace of mind.

	Manufacturer:	Rocstor
	Manufacturer Part Number:	VT0017-S1
	Manufacturer Website:	<a href="https://www.rocstor.com/">https://www.rocstor.com/</a>
	Product Line:	Volt
	Product Name:	Rocstor Volt V32 PRE-WIRED 32-Device Charging Cart 80W
	Product Type:	Charging Cart
	Packaged Quantity:	1
	Assembly Required:	No
<b>Application/Usage</b>	Supported Devices:	Chromebook MacBook MacBook Pro Netbook Notebook
<b>Physical Characteristics</b>	Color:	Silver
	Material:	Steel
	Dimensions:	
	Width:	30 inches (762 mm)
	Depth:	25.1 inches (638 mm)
	Height:	40.7 inches (1035 mm)
	Weight:	Approx. 143 lbs (65 kg)
	Caster Size:	5" Healthcare Grade
	Number of Casters:	4
	Handle Type:	Push Handle
<b>Slot Dimensions</b>	Slot Depth:	15.3 inches (388 mm)
	Slot Height:	10.4 inches (263 mm)
	Slot Width:	1.5 inches (38.1 mm)
	Total Number of Shelves:	2 Fixed Shelves
<b>Power Description</b>	Power Source:	AC Supply
	Input Voltage:	120 V AC
<b>Features</b>	Features	
	Charging Capabilities:	Intelligent power charging for up to 32 devices
	Cooling:	Cooling fan and ventilation system
	Cable Management:	Integrated cable management system
	Security:	Security door Locking casters Locking door with padlock provision
	Design:	Durable and heavy-duty steel construction Eco-friendly Hinged door for easy access
<b>Miscellaneous</b>	Back Panel:	Includes electrical outlets for additional connectivity
	Package Contents:	Volt V32 with (32) 80W PRE-WIRED USB-C Power Adapter User Manual Warranty Card Power Cord
