

Rocstor Rocbolt N19 series Slim Security Cable With Keyed Lock

Y1RB008-B1

Rocstor Rocbolt N19 series Slim Security Cable With Keyed Lock – Slim Lock Head for HP® & Dell® devices with Nano Shaped Slots – Include 2 Keys - 6' (1.83m) 5mm Cable - Carbon steel Cable - Zinc Alloy Lock - TAA Compliant – Black cable

The Rocstor Rocbolt® N19 series Premium and Heavy-Duty Keyed Lock Cable is designed to work with HP® & Dell® devices with Nano Shaped Slots. Rocbolt security Keyed locks provide an exceptional asset security for your devices and helps to reduce theft. It is built with heavy duty Zinc Alloy Steel with a 5mm cable thickness. They are tested for torque/pull, foreign implements, lock lifecycle, corrosion, key strength, and other environmental conditions. Nearly thousands of notebooks and other portable devices are stolen everyday – protect your valuable assets by using the heavy-duty Rocbolt cable combination lock system. The N19 Lock system includes two (2) keys. Master Key option is available for enterprises with 100 or more locks. Rocstor Rocbolt provides a strong and heavy-duty lock head which prevents intruders from tampering with the lock. Rocbolt locks come standard with 6ft galvanized heavy-duty steel cable. Rocstor Rocbolt security cables are affordable and have a three (3) year warranty.

Lock and Register – Lock Management Platform

Rocstor's Lock and Register cloud-based management platform provides all users, IT managers, and administrators the right solution to register their key or lock combination codes. Each user, IT Manager or administrator is provided an individual account for the registration process. Individual users can simply register the lock's unique key number or their lock combination code. IT managers or administrators can also manage their organization's key or lock combination registration in large scale deployment. Either by user's single lock registration or large master key registration. The registration is easy, safe and it enables a simple process which safely records the combination codes and key numbers so users or IT managers can update user information, retrieve combination codes and request for key replacements.

Features:

- Fits Dell, HP, and other devices with Nano Shaped Slot lock system
- Tested for torque/pull, foreign implements, lock lifecycle, corrosion, key strength, and other environmental conditions
- Includes 2 Keys
- 5 mm thick Cable
